Youth Eco Internship Program

The YMCA of Newfoundland and Labrador is **seeking employers** to participate in our Youth Eco Internship Program

The Program: During the first 3 weeks, youth (ages 15-30) will engage in pre-employment training at the YMCA, where a Career Counsellor will facilitate employability and life skills training, job search training, workplace etiquette, career exploration and much more. Participants will then transition to a 12 week Eco Internship with an organization that strives to preserve and restore environmental quality.

The Employer: The eligibility criteria for employers area as follows:

- **Providing an Eco-Internship**, on the job training and mentoring to a minimum of 1 program participant for 37.5 hours per week for approximately 12 weeks beginning in May 2017.
- **Paying the participant** at the provincial minimum wage rate and covering the Mandatory Employment Related Costs including 4% vacation pay, and the Workplace Safety and Insurance Board costs based on the total hourly rate throughout the full internship, which will be reimbursed 100% by the YMCA.
- **Staying connected** with the Career Counsellor on the Participant's progress
