FOR IMMEDIATE RELEASE

21st Annual Enterprise Olympics Conference is Underway

St. John's, May 21 & 22, 2015 - The YMCA of Northeast Avalon is hosting its 21st Annual Enterprise Olympics Conference. Enterprise Olympics is a program that encourages the growth of entrepreneurial thinking among students and teachers and provides a quality experience for young people considering careers in entrepreneurship. The top 15 students from high school competitions across Newfoundland and Labrador have been selected to attend the Enterprise Olympics Conference where they will present their business plans to business professionals for feedback, compete for prizes, learn about the business industry and network with people who are able to provide them with valuable information on becoming an entrepreneur in Newfoundland and Labrador.

The YMCA of Northeast Avalon has been committed to the Enterprise Olympics program for 21 years. This project was established to reach young people and to identify and support their creativity, talent and enterprising minds. These students will be the driving force of our economy in the near future. It is important that they are aware of the opportunities that small business offers them and their communities in Newfoundland and Labrador.

The YMCA of Northeast Avalon would like to thank the students, teachers and volunteers who are contributing to another successful event this year. We also wish to acknowledge the generous financial support of the Atlantic Canada Opportunities Agency, the Department of Education and Early Childhood Development, the Department of Business, Tourism, Culture and Rural Development and program sponsor Academy Canada.
