No refunds for missed days. Emergency closures will not be refunded.

# Camp Policies

## Camp Recreational Swims

For the safety of all campers, a swim test must be completed daily to determine if mandatory life jacket use is required. This test will determine if they are a swimmer or non-swimmer and if they would be able to adhere to aquatics supervision guidelines. This test will include without a lifejacket, do a feet first jump into the deep end and swim without stopping/holding onto rope or side of the pool to the shallow end.

## Label All Belongings

Please label all campers belongings with their name. The YMCA is not responsible for any lost or stolen items.

## Complete Camp Enrollment Waiver

Upon registration, you will be asked to approve this waiver.

- I give permission for my child to participate in the camp program and all activities unless I advise you otherwise in writing. This includes areas surrounding schools and playground spaces, ensuring that we cross any streets at designated cross walks. These field trips will be used to promote and enhance programming.
- I understand that pictures taken at camp may be used for promotion.
- I agree that having taken such precautions as in your discretion are deemed advisable, the YMCA shall not be held responsible for any accident or sickness to my child, or for loss or damage to his/her personal property.
- Should a medical emergency arise whereby staff of the YMCA were unable to contact me, I the undersigned hereby authorize the staff of the YMCA to give consent for medical examination, diagnosis and treatment of the registrant until such time as I am notified.
